ABOUT ME

Having finished my studies as a graduate in computer engineering, I aspire to climb another step and deepen my knowledge even more. At the same time, I would also be interested in starting to gain experience in the world of work because I am one of those who believe that there is no better way to learn than with practice. I compensate my lack of professional experience in the sector with my determination and my ability to work both individually and collectively. I am an open, sociable person, with very good public speaking and, above all, with ability both in leadership and in being led. Among my personal hobbies I highlight sports, mainly swimming because I have been underwater for more than twelve years, and writing novels of all genres in which to free my imagination.

EDUCATION AND TRAINING

2021 - CURRENT - Edifici B6 del Campus Nord, C/Jordi Girona, 1-3 Barcelona España, Barcelona, Spain

Master in Computer Engineering

Facultad de Informática de Barcelona - Universidad Politécnica de Catalunya

<https://www.fib.upc.edu/es>

2017 - 2021 - Edifici B6 del Campus Nord, C/Jordi Girona, 1-3, Barcelona, Spain

Degree in Computer Engineering

Facultad de Informática de Barcelona - Universidad Politécnica de Catalunya

Taking a degree in computer engineering has allowed me to acquire the necessary knowledge to conceive, design, develop, maintain and manage computer systems, services, applications and architectures, to know and apply the necessary legislation, as well as to gain experience in new methods and technologies of the ICT field. Among the five branches in which a graduate can specialize during this degree, I have chosen software engineering, thus deepening my knowledge in the creation of software systems that respond to the needs of users and companies, reliable and efficient, and to manage to the people, resources and stages of the project from the definition of the client's needs to the construction and deployment of the system.

Field(s) of study

- Computer Engineering - Specialization in Software Engineering

Final grade: 7 | yayOS: Interactive web application to learn how to use a computer for elderly people | <https://www.fib.upc.edu/es>

2016 - 2017

Participation in the Xarxa Vives Secondary and High School Debate Leagues.

Universidad de Barcelona

2015 - 2015

Participation in the 1st edition of the Robotics Course of the Scientific and Technological Summer Campus Program

Instituto de Ciencias de la Educación de la Universidad Politécnica de Catalunya

2015 - 2015

Participation in the 6th edition of the Ramón Valldeoriola y Soler Awards for Excellence in ESO

Institución Sant Josep

WORK EXPERIENCE

03/09/2018 – CURRENT – Barcelona, Spain

Leisure monitor

Plus Arts

- Activity monitor.
- Animator of children's parties.
- Equipment maintenance.
- Watchman of attractions.
- Responsible manager.

2016 – 2018 – Barcelona, Spain

Math tutor

I was a private teacher of mathematics for students who were in compulsory secondary school. Although I primarily taught math, I also did physics, chemistry, and technology.

LANGUAGE SKILLS

MOTHER TONGUE(S): Castellano / Catalán / Portugués

OTHER LANGUAGE(S):

Inglés

Listening
C1

Reading
C1

Spoken
production
C1

Spoken
interaction
C1

Writing
C1

DIGITAL SKILLS

In computers

C++ / Python / React / Hardware notions / IntelliJ IDEA / Github y Bitbucket / Java / CSS / HTML / Agile Methodologies (Scrum, Kanban) / #C / Word, Pdf, PowerPoint, Excell / Adobe XD / JSX / SmallTalk / Basics in databases / Trello / Git / JSON / JavaScript

Work methodology

Sustainability analysis / Team work / Proactivity and leadership / Rigor in validation / Responsibility at work / Temporary planning / Analysis of the functional and non-functional requirements of a system / Knowledge of the code of ethics / Experience in project presentations

Academic projects carried out to highlight

Recreation of Hacker News web / QOE Meter: Quality of Experience Analyzer for mobiles (collaboration with Telefónica) / Pockles: geosocial network for mobiles / Study on COVID19 Tracking Apps and Privacy / Traffic sign detection algorithm
